J. W. BOWEN, Editor.

McArthur, - - - January 15, 1873.

-The skeleton of an ancient mastodon has been unearthed in the vicinity of Sissonville, Kanawha county, West. Va.

-January 6th, the snow lay from one to two feet deep all through Central and Northwest Missouri. This is the heaviest known for twenty years.

-The Ohio State law prohibiting any dentist from practicing without a diploma or a certificate, took effect on the 1st day of January, 1873.

-There are twenty-three thousand million tons of coal available in Ohio. It is estimated that at the present rate of consumption there is enough to last ten thousand four hundred years.

An effort is being made by some lobbyists who are "cooped up" about the Ohio Legislature to have the Boesel Railroad Law repealed this winter. A canvass last week of the two Houses was made, resulting in a majority against the repealing of the law.

-The Ohio Iron Company, Zanesville, who have just put in new machinery throughout, do a business of \$700,000 a year, employing 500 men, who turn out 250 tons of bar iron, axles and spikes per week. This manufactory was established in 1846.

-When a poor devil who has no friends, nor money, steals a cow worth forty dollars, the court sentences him to the Penitentiary for four years, and when a rich devil with influential friends steals four hundred thousand dollars from the Government, Grant pardons him, and this we call justice! O shame where is thy blush!

THERE is no end to Radical legislation-the managers of that party are never satisfied. They spend the people's money in passing laws, and then turn around and favor a repeal. A bill has just been introduced in the Ohio Legislature to repeal that part of the Criminal Code passed last winter which allowed Prosecuting Attorneys to be present at the sessions of the Grand Juries.

-Paymaster Hodge, who stole half a million of dollars from the Government, and who was pardoned from the Penitentiary by Grant, attended church in Washington Sunday before last, and was, after the service, kindly greeted by many friends, who are, in the language of a correspondent, "confident that he never again will yield to temptation." Guess not, with \$500,000 about him!

—The bill of the proprietors of the Fifth Avenue hotel, shows that President Grant and his party punished nineteen dollars worth of wine on the day of Mr. Greeley's funeral. At the risk of being again branded as a copperhead, we venture the assertion that the wine was whisky, and the drinkers should have paid their own bills. Thief Tweed is under arrest, with numerous indictments against him, for robbing New York in a similar manner, but only a larger scale.—Columbus Dispatch.

THE first remarkable occurrence in the year 1872 was STOKES shooting JIM FISK, Jr., on the 6th of January, at the Central Hotel in New Yorkhis death occurring the next day. And now we may say the first very remarkable thing that has occurred in 1873, was a New York jury returning a verdict of guilty of murder in the first degree against STOKES, on the 4th day of January, and the Judge pronouncing sentence of death on the 6th day of January, just one year from the day he committed the murder. He is to be hung on Friday, February 28th, the shortest time allowed by law being given

John T. Raper and the Half-Bushel.

EDITOR ENQUIRER :- The edi-OFFICE to Second Story of Bowen's tor of the Record has made a out Rouse. remarkable discovery. He has found out by some means that Vinton county is the owner of a half-bushel measure; that it was never in possession of said measure because Shivel's law office is in the same room with the Recorder of said county; and because McGillivray has a law office up-stairs in the courthouse; and for other reasons, as the lawyers say, just about the time they quit. Now, when RAPER writes about this matter he rises to the level of his subject, and seems to rest with a sort of majestic placidity upon the half-bushel measure. I predict that he will rant for the next six or eight months about official misconduct, because Auditor Belford has not prosecuted the old man Felton nor the Secretary of State, either, for the price of that half-bushel. But why is John T. RAPER so

earnest in pressing this matter just now? It is not because he is more vigilant in watching over the public interest than other men are, nor because the people of Vinton county have any more interest in or use for that old half-bushel measure now than they had when WIL-LIAM F. FELTON (Republican) was Auditor, that he thus attacks Belford for not doing what was no part of his business to do. But because Bel-FORD'S term of office expires next Fall, and RAPER well knows that the people of Vinton county will, if left to themselves, re-elect him to that office, that he thus labors to create a false impression in the public mind in regard to one whom the people esteem the best Auditor that ever filled that office in Vinton county.

Mr. RAPER, this is a little too thin, and besides, it is decidedly weak in you. The people of this county will incline to take this view of the matter. They will consider the strength of your political prejudices; the pecuniary advantages in having the Auditor's office filled by a man of your own political faith; your disposition to pervert the truth when your interest would appear to require it; and your inclination to meddle with other people's business, (which is equaled by only one other man in this county,) and after doing all this they will conclude that this man Belford is one whom even envy itself must pronounce well nigh blameless, or these considerations would have led you further.

Your silly attempt to prejudice him in the public estimation by talking about a halfbushel measure not being kept at the court house because SHIVEL OF MCGILLIVRAY WERE filling its room, and just as much more of this balderdash as you can get off, will be thankfully received by the friends of Belford. Go right on, brother RAPER, your weakness is one source of your opponent's strength.

Your motives are doubtless bad, but they will work Belford no injury so long as you direct your efforts against him and forbear to bestow upon him any praise. You will hardly succeed in convincing the people of Vinton county that they should exchange a tried and good Auditor for one untried, because he has not sued anybody for an old half-bushel measure that you nor Belford never saw, and which, assuredly, if you should see in Belford's absence, his chances to see it in the future would be greatly

diminished.

Palsy, Paralysis, Pay Gangene—that threatens aliving death—cally cuting away of the limbs and flesh—Dlabetes, involuntary Discharge of Water, Fungi in the Bladder (the Emperor Napoleon's disease), Torturing pains when discharging urine, RHEUMATISM, GOUT, NEURALGIA—each and every one of these complaints—though but a few of the many other diseases, Radway's Sarsaparillian Resolvent has cured and is daily curing hall parts of the world.

In one word, any disease—no matter under what name designated, that is nourished or increased by bad, impure, deprayed, weak, thin, watery or poisoned blood—can be cured by RADWAY'S SARSAPARILLIAN RESOLVENT

Dr. Radway & Co. bave never claimed one-hundreth part of the curative virtues for their remedies as is ascribed to them by the people who have used them; for bear in mind, only such disenses and complaints as Dr. Radway, after successful treatment with their remedies knew they would care, were enumerated in their curative list, so that many of the extraor-dinary cases that have been reported awaken-ed as much astonishment in the discovery of their remedial agents as in those who had been rescued from death, and made whole and sound.

As many persons discredited their extraordinary power, from the fact of their disappointment in the use of other advertised remedies—and some believed it impossible for simple medicines made only from vegetable substances—roots, herbs, &c.—should possess such marvelous power. Yet they can readily comprehend that the simple grasses of the field, after undergoing the chemical process of distillation designed by nature in the cow and churn, furnishes us with butter—certainly the most abundant fat, caloric or heat-making—bone, tissue, muscle, sinew and blood-making constituents for the human body.

But when those people who first doubt the efficacy of these remedies commence their use, they become their most earnest advocates.

Tumor of 12 Years' Growth Cured by Radway's Resolvent. Radway's Resolvent.

BEVERLY, MASS., July 18, 1869.

DR. RADWAY: I have had Ovarian Tumor in the ovaries and bowels. All the doctors said there was no help for it. I tried everything that was recommended, but nothing helped me. I saw your Resolvent and thought I would try it, but had no faith in it, because I had suffered for 12 years. I took six bottles of the Resolvent, one box of Radway's Pills, and used two bottles of your Ready Relief, and there is not a sign of a timor to be seen or felt, and I feel better, smarter and happier than I have for 12 years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish it if you choose.

AN IMPORTANT LETTER

From a prominent gentleman and resident of Cincinnati, Ohio, for the past forty years well known to the newspaper publisher; throughout the United States:

NEW YORK, Oct. 11th, 1870.

Dr. RADWAY—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of your medicine on myself. For several years I have been afflicted with some trouble in the bladder and urinary drgans, which some wonths ago culm inated in a most terribly afflicting disease, which the physicians all said was sussunodic stricture in the uretha, as also inflamation of the kidneys and bladder, and gave it as their opinion that my age—73 years would prevent my ever getting radically cured. I had tried a number of physicians, and had taken a large quantity of medicine, both allopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Philadelphia Saturday Evening Post of a cure having been effected on a person who had long been suffering as I had been. I went right off and got some of cach—your Sarsapardlian Resolvent, Ready Relief, and Regulating Pills—and commenced taking them. In three days I was greatly relieved, and now feel as well as ever.
